Director - John Foss (elected at meeting)

# Old Business

USA Rulebook approved

USA Event - Mini Grants

USA Social

Unicycle Week - Distance & Freestyle Challenge 2020

# USA MINI GRANTS

At the 2019 USA Annual Meeting the USA Mini Grant was revealed.

\$200 grants are provided by the USA to individuals or groups hosting regional unicycle events for USA Members.

**Noli Ergas** requested and was granted funds for the 2020 Moab Unicycle Festival in March, 2020.

The process is simple and intended to increase opportunities for unicycling throughout the year and throughout the country.

# President's Report

As we move forward from 2021 into 2022 and beyond we have a opportunity to expand the USA. The first 24 hours here in Madison are proof that what matters about unicycling is the people and the connections we make with each other. If you're on this meeting via zoom (or not here at all), you are missing out. In spite of all the setbacks and limited events here, we're having the best Not NAUCC, but at the same time it still is in a way.

Our strong suit is our members. As it's been pointed out time and time again, unicyclists are great people (for the most part). We learned a few things over the pandemic with the Freestyle and Virtual Distance Challenges of 2020. Moving forward we hope to increase both our virtual presence and get back to gathering in person with regional meetups and events.

This is going to require work on our end, and it's also going to require clubs offering those events. We still have the \$200 grant available. We would love to see clubs and members utilize this to make our gathering more frequent than even before 2020.

# USA Scholarship Report

Congratulations to the 2021 USA Leadership Scholarship recipients- Michael Bachleda and Marin Cohan!
