Len Salverda

Anyone attending the 1987 NUM would agree that the entire weekend could be remembered by two things: COMPUTER and "LEN THE LOON." The loon is the state bird of Minnesota and was everywhere present at the '87 NUM. It appeared on the t-shirts, on the programs, and in the artistic riding competition. The cover (designed by DAVID BRICHFORD) is of LEN SALVERDA, 1987 President of U.S.A., Inc, Director of the TWIN CITIES UNICYCLE CLUB, and - in his own words - "The Looniest Loonicyclist in Minnesota" as he presented his side-splitting, three minute act. Len and all the parents and volunteers associated with TCUC are to be congratulated and sincerely thanked for a job well done. From the hospitable greeting received Friday afternoon to the computer printout sheet for each competitor upon leaving at the close, it was a memorable and enjoyable weekend!

ATTENTION ALL UNICON IV ASPIRANTS

Have you already begun packing your bags for a trip to Puerto Rico in August to rticipate in the international unicycle meet sponsored by the International Unicycling Federation? Have you let anyone else know of your intentions?

This year the organizer of the meet, ALBERTO RUIZ, is planning on having <u>TEAMS</u> from each of the countries attending. This means cooperative effort on behalf of all riders representing any one country. It means wearing a team uniform, working on a team routine, being supportive of other team members, etc., etc. We saw this kind of spirit at the Olympic Games in Canada in February. Alberto wants this same kind of spirit at UNICON IV in Puerto Rico.

Those Society members who regularly attend the annual National Unicycle Meets are probably thinking that that is what they see there. Clubs come together in similar attire with a club routine and a lot of club spirit. However these club members all come from the same area and "getting it together" is not a geographic problem.

Independents from areas where there are no ubs are welcomed and often join with other independents in putting together routines worthy of judging in the competition.

In past UNICONs, the independent spirit that often represents the personality of the United States has interfered with the group spirit that should be present. To prevent a reoccurence of this your Society President, SETH GRANBERRY, put a questionnaire in the last issue of ON ONE WHEEL (page 14) asking for names and addresses of anyone planning on attending UNICON IV. The Secretary-Treasurer of the IUF, AL HEMMINGER, is sending to Seth the names of any IUF members planning on attending. If YOU are planning on attending, please indicate your interest by writing to:

Seth W. Granberry, Jr. 3204 Desire St. Mobile, AL 36606

JOHN FOSS, former Editor of ON ONE WHEEL, recently wrote to the Society officers indicating that he, too, is interested in putting together a well organized team from the ited States. With this kind of talent working together, there should be a fine TEAM from the U.S. at the 1988 UNICON.

YOU ARE ALL INVITED

to the 1988 NATIONAL UNICYCLE MEET

Picture:

- ·a quiet college campus on rolling, green terrain
- dormitory rooms ready for occupancy with each suite of two rooms having a private bath
- •tennis and basketball courts where a unicycle competition on an unstructured basis can begin at any time
- the largest swimming pool in southern Michigan available for a quick, cooling dip or swim-til-you-drop marathon at \$3.00 per person
- •jugglers demonstrating, teaching, passing, sharing
- ·and EVERYWHERE unicyclists riding, jumping, teaching, sharing . . .

This is what will await you when you arrive on the campus of Eastern Michigan University at Ypsilanti, Michigan just a half-hour drive from Detroit.

After you have checked in and received your envelope of materials (available for those who pre-register), you will have the choice of taking advantage of the unstructured activities that surround you. Or you can participate in the planned workshops that will begin on Friday afternoon.

Saturday will begin early with racing in one of the nicest indoor tracks in Michigan. No one should have to miss a single race, for meals are available either in the college dining room (for those who pre-register) or in the quicky restaurants that are near the campus in Ypsilanti.

The races, scheduled to end just before supper, will be followed by Club/Group parade competition. This will also be held on the spacious indoor track. Ending the very full day will be racing awards and the annual meeting of the Unicycling Society of America, Inc.

Sunday's activities will move down the hall of the athletic complex to the gyms where talented unicyclists will compete for awards in the artistic riding competition. Costumes and music (for Open Class competition) and more tricks than you ever dreamed possible will end with the multiple riding competition of the Clubs and Groups.

Exciting? You bet!!! And it will all happen on: JULY 29, 30, & 31, 1988.

THE 1987 NATIONAL UNICYCLE MEET

From the moment you rounded the corner into the main road onto the campus and spotted the huge blue sign announcing that this was the location of "THE NATIONAL UNICYCLE MEET," you knew that this was going to be a memorable weekend. After a year's search LEN SALVERDA, Director of the Twin Cities Unicycle Club and President of U.S.A., Inc., had selected Bethel College and Seminary in Arden Hills, Minnesota, for the site of the meet his Club was to sponsor.

The campus was idyllic with beautiful, green rolling hills and a small river circling through them. All of the facilities were conveniently located in the heart of the campus. The hospitable parents who greeted you when you came to pick up your registration packet were further evidence that this was going to be a terrific weekend!

Throughout the afternoon and evening orientation classes were held for parents and older riders who planned to serve as timers and judges on Saturday and Sunday. Without a team of enthusiastic volunteers, no NUM would be possible. It was, therefore, very meaningful when this corp of volunteers received "blue ribbons" for their dedication during Sunday evening's award assembly. This was just one - of many - examples of the thought and heart that went into the 1987 National Unicycle Meet.

The traditional Friday evening workshops continued into the Hospitality Hour in the comfortable cafeteria. It is in this informal setting that much sharing and renewing of friendships took place. "First timers" were made welcome, club directors shared problems and solutions, and friends just enjoyed being together again.

Saturday morning dawned warm and sunny. Another "Officials Orientation" was held before the races began for anyone not able to participate in earlier sessions.

Although there had been some racing competition Friday evening (ultimate wheel, relay, and over 30 mile), these races did not count toward competitors' accrued points. The "official" day of racing began on Saturday at 8:45 a.m. with a resounding rendition of "The Star Spangled Banner." As the races took place, some of the innovative thinking of the Twin Cities Unicycle Club became apparent. The "age of the computer" made

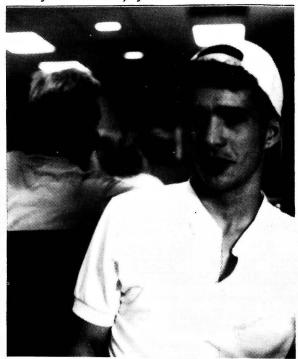

it possible to know the names of each rider for each race and the lane that was to be used.

The finish line for each race was videotaped from two angles so that the results could be reviewed in case there were a conflict. To know what race was being taped, a metal frame at the side of the finish line held large cards indicating the race and whether it was for boys or girls. A parent was responsible for flipping the cards to correspond with the race being run.

The obstacle course was held outdoors at a nearby tennis court. In the past, when this competition is separate from the races, the competitors are hesitant to leave the track area, fearing they will miss one of their other races. By using "walkie-talkies," the parent running the obstacle course was able to tell the riders exactly what race was being run in the field house, eliminating a rider's anxiety of possibly missing another race. The "slow" competition was held in the field house where the announcements of events could be readily heard.

It was in this arena that a number of interesting comments were heard:

Father to son, "I thought you were going to race the 100." Son, "I was talking and missed the announcement." Dad's reply, "Well, when you snooze, you lose."

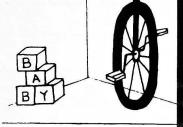

CRAIG KING relaxes in the cafeteria on Friday evening.

And from an eight-year-old chatting with new friends, "Well, when you've been riding as long as I have . . .

And from the very tired husband-who had been working the entire day-when admonished by his wife to be more patient, "I'm about as patient as I can get."

Remember the birth announcement of U.S.A. Treasurer "AREN MESSAMER's ittle girl, Gina Marie (XIII, no.1)

This is that young lady participating in her first National Unicycle Meet.

> house, halls, parking lots - all provided space for juggling as CHUCK MARQUETTE is <---doing here.

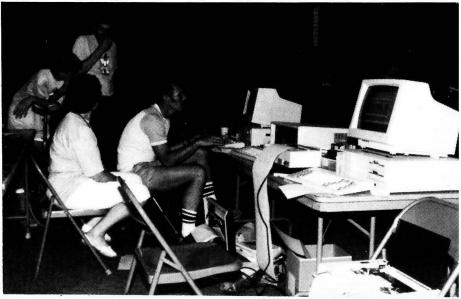

While the computer had been used at past meets minimally, 1987 had a computer at its hub with WAYNE WARD at the keyboard.-> The unfortunate power failure Saturday afternoon gave Wayne and TCUC cause for concern

CORINA KUPELWIESER beginning the obstacle course. Note the official is wearing roller skates to aid in mobility. The metal stand (right) held a diagram of the course.

ROGER SMITH rides LEN SALVERDA's plywood figure "8" with circles approximately 4' in diameter.

In spite of the fact that the races had to be discontinued for a half hour in the afternoon because of the power failure, they were completed in time for the dinner hour at 5:00. It was after this time that dirty t-shirts and jeans were exchanged for parade uniforms and over one hundred clubassociated riders competed in the parade competition that was held on the race track in the field house.

The UNILIGHTS from Detroit, Michigan, (whose Director is JAMES GREEN) rode in their brilliant green and white uniforms.

The WOOD ONE
WHEELERS, from
Bowling Green,
Ohio, made a
striking team
in their royal
blue jump suits
with white
shirts, shoes,
and hats.

And the TWIN
CITIES UNICYCLE
CLUB were equally attractive
in their black
slacks, red
shirts, and
white vest.

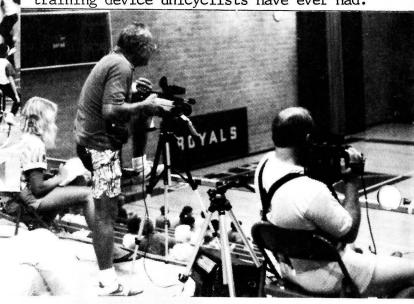

SMILING FACES, with their effective use of flags in the parade routine, just barely edged out the hosting TWIN CITIES.

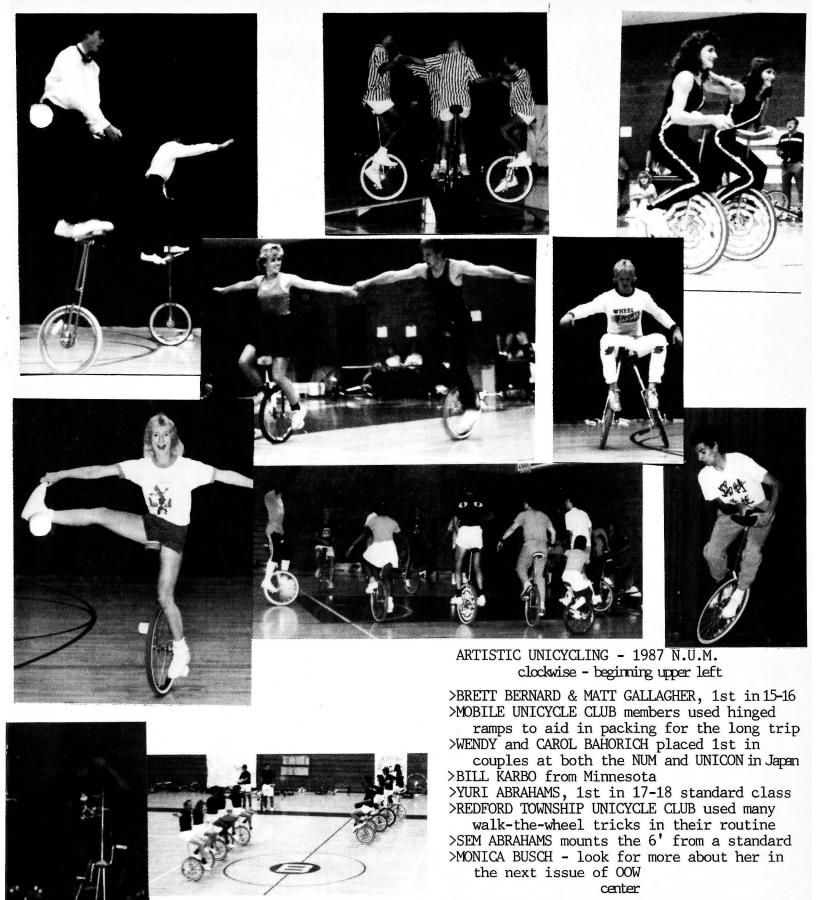

At the conclusion of the Parade Competition everyone left the field house and headed for the gym where excellent demonstrations were held, the awards for the racing competition were given out, and the annual meeting of U.S.A., Inc. was held. The minutes from this meeting will be in the next issue of ON ONE WHEEL.

The 7:00 a.m. non-denominational church service was lead by a minister, father of one of the TWIN CITIES UNICYCLE CLUB members. Because of his association with unicycling, his message and observations were directed to his unique congregation. His theme was: a unicycle has a wheel, seat, frame, and pedals. What you do with them - like what you do with your life - is up to you.

After a filling breakfast, <u>SOME</u> riders and parents began walking to the gym. But no matter how many orientation sessions are held prior to the artistic competition, if the judges are slow to arrive - or never arrive - the competition is delayed. This has happened repeatedly at recent meets, and it happened again in 1987 in Minnesota. Finding 10 judges and getting them seated and ready to begin by 8:45 on Sunday morning is an herculean task! But at last the task was accomplished and the amazing day of artistic competition began to unfold.

Using two sets of judges and two staging areas makes for speedier competition and more audience appeal. The dark blue curtain-available as a ceiling to floor backdrop-added greatly to the performance area. Once again the age of the competition in progress was posted in the back corner of each staging area for the benefit of the videotapes. And the balcony was elbow-to-elbow with tripods, camcorders, and people operating this equipment. The resulting videotapes are probably the best training device unicyclists have ever had.

>CONNIE SCHLECK (Vice-President of USA)
and brother, ANDY COTTER. Connie returned
from UNICON with top artistic honors.
>The UNILIGHTS invited riders to play a
game of basketball for their Club entry

The host Club, TWIN CITIES UNICYCLE CLUB, put together an entertaining presentation for the Club Competition. Using a "cast of thousands" with varying riding abilities, the Club used all riders, no matter what their skill level in a series of vignettes.

WHAT DO YOU THINK?

(REGARDING A SLOW BACKWARDS RACE AT THE NUM)

For a number of years now the Society officers have discussed the potential danger of the fast backwards race. Each year we see riders falling in their neighbor's lane - to be run over as an unseen barricade by this neighbor.

Even if a rider falls because of his own error, the momentum causes him to fall backwards, very often hitting the back of his head.

Over the years we have seen a few riders using safety equipment for this race especially. In 1986 GEORGE PRINGLE (Florida) required that his daughter wear a helmet for the backwards race only.

For several reasons the fast backwards race is not included in the racing format for the International Unicycling Federation competition. Most of the riders polled by the 1988 NUM Director, TOM BRICHFORD, felt that riding backwards was an important riding skill and should be included in the racing events in some way.

It has been suggested that for the 1988 NUM the backwards race be taken out of the "speed" category and included instead in the "control" area of the slow forward race. In other words: the backwards race would be run on a board with a steady backward motion of the wheel. Falling off the board, riding forward, or "zigging" excessively would disqualify the competitor. As with the slow race, the rider would compete - not with other riders - but with the clock.

WHAT DO YOU THINK? The 1988 National Unicycle Meet Committee is looking for criteria on which a slow backwards race could be run. It needs a board width that would be both possible and challenging. It also needs suggestions for the length of the race and judging guidelines.

You can easily write your suggestions for this (or anything else, for that matter) on the form included elsewhere in this issue.

(The "slow race" is currently run on a board that is $5\frac{1}{2}$ " wide by 20' long.)

WANTED: ADS FOR THE 1988 NUM PROGRAM BOOK

The REDFORD TOWNSHIP UNICYCLE CLUB, INC., hosts of the 1988 National Unicycle Meet, will be printing a program book that will be available to all attending this event.

Clubs, individuals, and businesses are invited to help support the NUM and personally benefit by placing an ad in this program book. The cost of these ads will be:

	CLUB ADS	BUSINESS ADS
1/4 page	\$ 8.00	\$15.00
1/3 page	\$10.00	\$20.00
1/2 page	\$15.00	\$30.00
1 full page	\$25.00	\$50.00
2 full pages	\$40.00	\$75.00

[one full page measures 5½" x 8½"]

Prepaid, camera-ready ads must be received BEFORE JUNE 1, 1988!

Mail your ad to:

1988 NUM Program Book Unicycling Society of America, Inc. P.O. Box 40534 Redford, MI 48240

U.S.A. WELCOMES THE TRI-JESTERS

Among the new members listed on the 'Welcome New Members' page in this issue is the Walker family (Kyla, age 9; Dana, age 11; and Alexis, age 13). They make up a performing group called the 'Tri-Jesters,' billed as 'Vaude-ville-type Comedy Entertainment performed to Ragtime and Circus Music."

The Tri-Jesters come from no ordinary family. Their entertaining skills grew when they searched for a physical activity that could be adapted to the deck of a sailboat as the family made preparations for an around-the-world cruise. The cruise did not materialize, but the circus skills the children learned to provide a physical outlet have grown! The youngsters have provided entertainment for audiences throughout South Florida. They are adept in street performing as well as stage shows.

Further information about the group (including a videotape) may be had by contacting:

Joan Walker 226 S.E. 3rd St. Dania, FL 33004

(305) 923-2941

Wedding on Wheels

Mr. and Mrs. Al Hemminger request the bonour of your presence at the marriage of their daughter
Teresa Hemminger to Sem Abrabams on Saturday, February 6, 1988 at 4:30 in the afternoon D.A.V. Hall 25544 Five Mile Road Redford. Michigan

Reception immediately following ceremony aisle. They met the Groom, SEM ABRAHAMS, as he rode from the side. Riding down the aisle behind Carol and Frank was MIKE LANE, who had come from Oregon for this special occasion.

While Carol and Mike found their positions with Sem, Frank returned to the back of the hall for the Ring Bearer (the Bride's nephew). He arrived on Frank's shoulders, resplendent in his black tuxedo, very soberly carrying the satin pillow to which the rings were fastened.

To all outward appearances the wedding, scheduled for 4:30 p.m. on February 6 in Redford, Michigan, was a typical marriage celebration. Guests arrived, greeted friends, commented on how lovely the hall looked, found seats, and awaited the event excitedly. The bride, TERESA HEMMINGER, had chosen a soft coral for the color theme and had designed and sewed both her own gown and that of her Maid of Honor, CAROL BAHORICH.

The organist, the Bride's sister GAY BATES, began playing and a hush settled over the room. It was then that you knew that this was no ordinary wedding. Leading the procession were the Maid of Honor and the Best Man, FRANK BIRDSALL, riding unicycles down the center

And then all heads turned to the archway as the Bride and her father, AL HEMMINGER, began their ride down the aisle to join the rest of the party. It was in front of this congregation of friends and relatives that Al, still riding his unicycle, gave the hand of his lovely daughter to the man who was to become her husband.

The music ended and Mike Lane's deep baritone voice began the ceremony. He drew from such sources as Kahil Gibran as he created a very meaningful service for the Bride, the Groom and all those in attendance.

(pictures by David Brichford)

This wedding had every happy element of any other wedding - only everything possible was done on a unicycle or with a unicycle motif. Guests signed the guest book with a pen from a unicycle-adorned pen holder. The "Precious Moments" figurine of the couple riding a unicycle adorned the wedding cake. The first dance was on unicycles, of course. The young couple cut their wedding cake while rocking on their unicycles. And they each fed the other the first piece of cake - while riding unicycles. Even KEN KRAKAT, who made the vidiotape of the service, did so whide rocking on his unicycle.

The unicycles on the walls of the hall, created from paper carnations, added much to the decor. (See the picture of the Ring Bearer on the shoulders of the Best Man on the preceding page.)

And when it was time for the Groom to remove the garter from his Bride's leg; that, too, was accomplished while both were seated on their unicycles.

While the event received much attention from the media, it was more than a media incident. It was through unicycling that Teresa and Sem met. They will make their living by riding and building unicycles. It was, therefore, a very meaningful way for two of the most adept riders in the world to begin their life together.

Since Sem's family, all residents of The Netherlands, were unable to attend the wedding in the States, Sem and Teresa were honored by a second service in Eurpoe on February 29. They then left immediately for Japan with other performers from Europe to perform for a two-month period in a theme park in that country.

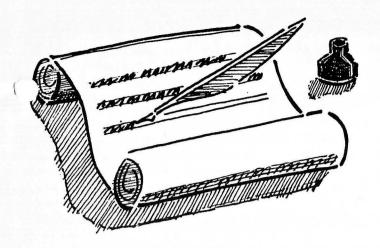

Sem and Teresa will be returning to Michigan in time to actively participate in the 1988 National Unicycle Meet. Society members will be able to greet them there and personally wish them much happiness!

WELCOME NEW MEMBERS

of antique bike enthusias A complete roster - with names and addresses of all of the Society's current members (unless omission is requested) - will be mailed to each member in the near future.

an active member of the WHEELMEN, an organization

FROM OUR READERS:

CHRIS MACH, Fehnerweg 5, 2380 Perchfoldscorf, AUSTRIA, sent the following letter:

One night, I don't know why, I dreamt that I had a unicycle; and when I woke up, I just had the feeling that there's nothing in the whole world that I'd love more than a UNICYCLE! It's funny, because I'd never ever thought of unicycles in my whole life before! My birthday is only three months away and I asked my Mom whether she could get me one; but she said, "That's out of the question." So I decided to build one myself out of bits and pieces from bikes and I think it'll work! Then I remembered once reading an article about unicycles in WORLD (National Geographic) and there it said I should write to you for more information. I really would be very happy if you could send me something about them (unicycles) - if possible before my birthday (March 3).

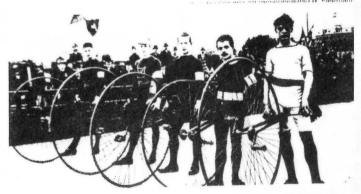

And from Panoramastrasse 28
D 7243 Voehringen/Wuertt
WEST GERMANY

RALPH and ROLF BECKER wrote that they
(a father-and-son team) are planning to
cycle from coast to coast across the U.S.
beginning the middle of April. Their itinerary will take them from LosAngeles to
Boston through LasVegas, Salt Lake City,
Gary, Detroit, Niagara Falls, and Rochester.
They plan to bring sleeping bags and cook
out as much as possible. The letter will
be answered by our U.S.A. Secretary JAN
LAYNE, but any member wishing to write to
the Beckers is encouraged to do so. Please
send your letter Air Mail, since surface
mail would not reach them before they
leave for the United States.

Several of our members have written that they have received OOW too late to participate in events listed in the issue. Your Editor regrets that that does happen sometimes. She will learn of an event as one issue of OOW is being printed; will include it in the "CALENDAR" in the next issue as a courtesy to the sender; and will hope that members who learn about it too late to participate will benefit in knowing that such an opportunity exists. She tries to include the names and addresses of people to contact so that members can write for information on a similar event planned for the next year.

However, she was NOT guilty (as one member indicated) in printing the unicycle wedding invitation too late for our member to attend. Every member was invited to attend "via pictures in the next issue of ON ONE WHEEL." And here they are!

GERHARD DELKESKAMP (see p. 12, OOW XIV no. 2) sent this picture of five unicyclists lining up for a race in Germany in 1886!

Start zum Einradrennen 1886 in Greiz i. V. Zweiter von links: Meisterfahrer G. Marschner a: Dresden, dritter von links: Heine, Hannover

A forerunner of the "Challenge the Guiness" held in Japan in 1987? If you want to ask Gerhard more about this picture, you may write to him at Dorotheastr 4; 2850 Bremerhaven, WEST GERMANY.

BRIAN DeGORMO (Brino the Clown) recently wrote for information about the Society. In his note he very excitedly told about receiving a 6' unicycle recently from his girlfriend. So? you say. Well, Brian was in a very serious car accident six years ago and lay in a coma for a week. When he slowly returned to consciousness, he could move nothing but his eyes. Through great effort he is now again riding a giraffe unicycle! Best wishes to a very determined, inspiring young man!

MISSING ISSUES

Many of our members maintain complete files of their issues of ON ONE WHEEL. They are upset by a missing issue.

The annual changeover of officers and the change in renewal methods have lead to some problems. The erratic publication dates of the newsletter have created additional problems. For those of you who are attempting to maintain a complete file, the following information will be of help.

<u>Vol. #</u>	Yr. of Pub.	No. of Issues
1	1974	4
2 3	1975	4
3	1976	4
4 5	1977	4
5	1978	4
6	1979	4
7	1980	4
8	1981	4 + NUM
		result issue
9	1982	3
10	1983	4
11	1984/5*	3 +
		USA - Bulletin
12	1985/6*	4
13	1986/7*	4
14	1987/8*	3 to date

*A change in the by-laws created a common membership period: from October 1 to October 1 of the following year. Members now receive all issues of a given volume for their year's membership.

In the past a member was not "up for renewal" until he had received four issues of the newsletter. Since it sometimes took eighteen months to get out four "quarterly" editions, bookkeeping for the Society's Treasurer became a horrendous task. It has taken several years of hard work on the part of four treasurers to work out a renewal date for each member that incorporated at least four issues for each \$6.00 and ended on October 1 of a given year.

If you have a card that indicates membership in the Society to October, 1988 and have not received Volume 14, nos. 1 or 2, please write to:

U.S.A., Inc. Treasurer P.O. Box 40534 Redford, MI 48240

If you are missing some issues because of a lapse in your membership, all back issues are

available. Some are no longer "original quality," since the original script is no longer available and copies had to be made from the most readable source available.

Copies of the 1981 NUM results or the 1985 Bulletin will be included free of charge with the request and any back issue order. The cost of back newsletters is \$2.00 each or \$6.00 for 4. Mail your order to Treasurer, U.S.A., Inc. in care of the post office box.

ADVANCED LEVEL PATCHES SOON AVAILABLE

Adopting Levels V - X created the additional task of ordering an embroidered patch and printed card for each level. This has been done and will soon be available to the membership. Increased costs make it necessary to charge \$1.50 for EACH level.

These Achievement Level patches are not available (except in unusual circumstances) to individuals. Clubs should appoint a qualified person to test all club members in accordance with the rules for testing found on page 6 of Volume XIV, No. 2. Only this person may order patches for riders who qualify.

For individuals who are not members of a club, you may order level patches IF you are tested by someone familiar with the testing requirements. A few years ago a young man, the only unicyclist in his small town, asked the principal at his high school to watch him complete the requirements for each level. The principal then wrote a note indicating that he had done so.

Monitoring the distribution of these level patches is the only way the Society can be assured that each patch is awarded only for the highest level of achievement. There will be many opportunities throughout the 1988 National Unicycle Meet for riders to be tested. And the Achievement Level patches will be available there for those who qualify.

Please note that the testing rules state:

In order to pass an exam, a rider must perform <u>all but three skills in the</u> level at the first attempt. The (remaining) three skills must be successfully performed at the second attempt.

Your Editor would appreciate the names of all riders who qualify for Level 5 and above.

(ed. note: In 1980 the Society Officers formulated rules governing the annual National Unicycle Meets. These were printed in the Newsletter in the Fall of that year. Since that time minor changes have been made and the rules have been available to anyone requesting them; however, they have not appeared in the publication with revisions. Printed here are the rules pertinent to the participants.)

RESPONSIBILITIES OF PARTICIPATING CLUBS:

1) Register the Club with the U.S.A., Inc. at least two months prior to the NUM. (This information should be sent to U.S.A., Inc. President, PO Box 40534, Redford, MI 48240.)

2) Send to the hosting club the names and addresses of two people who will serve as judges and two who will serve as timers. The judges will receive complete judging criteria at least two weeks prior to the NUM. Judges and timers will meet with the Head Official (or Officials) prior to the start of the Meet for a complete interpretation of all rules.

3) PROVIDE ADULT SUPERVISION FOR CLUB MEMBERS.

RESPONSIBILITIES OF INDIVIDUAL PARTICIPANTS:

1) Each participant MUST be a member of the Unicycling Society of America, Inc.

2) Each must be completely registered before

participating in any event.

3) Each must be responsible for being in the proper place at the proper time (with all necessary equipment) for each event in which he/she wishes to participate.

RULES FOR RACING: All races will be run according to standard high school track rules with the following exceptions:

1. All races will be started with the rider mounted, holding to support.

2. Any rider fouling shall be disqualified

for that race.

3. Any rider intentionally fouling shall be disqualified and immediately barred from further competition by action of a committee consisting of: Head Meet Official, President of U.S.A., Inc. (V.P. in absence), any one U.S.A. Director.

4. Riders must ride across the finish line. Timers stop their watches when the wheel

crosses the finish line.

5. If a rider falls or dismounts, he is disqualified except in the 800 and 1600 meter races, where the rider shall immediately remount without running.

6. In the on-foot races rders will be given

5 meters to be on one foot.

7. The slow race will be run on a board with a continuous forward motion and no stops. Falling off the board disqualifies rider.

8. All riders must stay in their lanes. However, if a rider gets out of the lane and immediately returns without interfering with other riders, he/she will not be disqualified. (Standard track rules apply in the 800 and 1600m races with cut-in permitted only when there is at least one wheel's distance between racers.)

9. Only standard (see definition) unicycles

may be raced.

10. Ages 10 and under must race with maximum 20" wheel. A rider younger than 11, who can rider only a 24", may compete in 11-12. 11. Proper apparel MUST be worn for safety:

shoes for ALL events with gloves, elbow

1988 NUM RULES - cont'd

pads, knee pads, and helmets STRONGLY RECOMMENDED for all races.

12. Age group will be determined by the age of the rider on the FIRST day of NUM.

13. When times are contested, the Official watching the position of the riders will be the final authority.

RULES FOR THE OBSTACLE COURSE:

1. Wheel size is the same as for races: 10 and under - 20", 11+ - 24"

2. Riders will begin from a starting post

with a verbal start.

3. The Timer begins timing when the rider crosses the starting line and stops when the rider crosses the finish line. Both lines are one meter from the first and last pylon. (see diagram below)

4. Each rider will be allowed two attempts.

The best time is official.

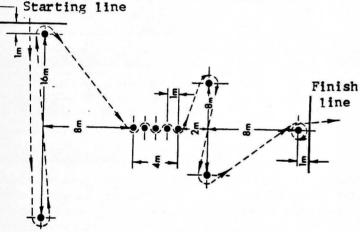

5. A rider is disqualified in either attempt if:

a) he/she knocks over a pylon

b) he/she falls or dismounts after crossing the starting line

c) he/she fails to follow the official course

OFFICIAL OBSTACLE COURSE

**The Obstacle Course, the Slow Race, and (possibly) the Backward Race must be run when riders are not competing in other events. The MORNING is recommended!

RULES FOR PARADE COMPETITION:

1. Club/Group competition will be separate.

2. The order of competition for each will be determined by drawing. A representative from each will be present for the

3. Competition will be on unicycles ONLY.

4. There must be continuous forward motion simulating actual parade circumstances. If a Club/Group does not provide its own

If a Club/Group does not provide its own music, appropriate music will be provided.

5. All riders from each Club/Group must participate. The minimum number is 5. One entry per Club/Group; each rider may compete only once.

6. Maximum time for competition - 5 minutes.

RULES FOR CLUB/GROUP ARTISTIC COMPETITION:

1. Club/Group competition will be separate.

2. Order by drawing (see "parade").3. Competition will be on unicycles ONLY -(see definition) any kind; any number.

4. Any props may be used that will not be a potential hazard. Fire indoors will not be permitted.

5. All riders from each Club/Group must participate. The minimum number is 5.

same as #5 above)

6. Music is optional but recommended.

7. Costume is optional but recommended.

8. Maximum time for competition - 10 minutes.

RULES FOR INDIVIDUAL ARTISTIC COMPETITION: (participants may compete in one class only)

Standard Class:

1. Competition on ONE standard unicycle only.

2. Order by drawing (see above).

3. No props, music, or costume may be used.

4. Time limit: 10 and under - 2 minutes 11 and older - 3 minutes

OPEN CLASS:

1. Any UNICYCLES may be used. Participants will be disqualified if using anything other than a "unicycle" (see definition).

2. Order by drawing (see above).

3. Any props may be used that will not be a potential hazard. NO FIRE!

4. Music and costume are required.

5. Time limit: 10 and under - 2 minutes 11 and older - 3 minutes

6. Music (cassette tape) must be cued and identified.

COUPLES ARTISTIC COMPETITION

(Any two riders may compete as a couple - ONCE ONLY)

1. Any UNICYCLES may be used. Riders will be disqualified if using other vehicles.

2. Order by drawing.

3. Any props may be used that will not be a hazard. NO FIRE.

4. Music and costumes are optional but recommended.

5. Time limit: 10 and under - 2 minutes 11 and older - 3 minutes

6. Cassettes must be cued and identified.

AWARDS

1. All individual, couple, Club/Group - 1st - 5th place

2. Boy & Girl - each age group - top point winner

GENERAL RULES FOR ARTISTIC & PARADE

1. The leader or rider must nod to the judges to start the clock and music.

2. The rider(s) must indicate to the judges the end of the routine. (Not applicable in parade competition)

3. A 15-second warning whistle will be sounded before the end of the allotted time. Two whistles will mean the rider(s) MUST IMMEDIATELY DISMOUNT-finished or not.

4. There will be two sets of judges for artistic competition made up of representatives from ALL Clubs and Groups.

5. The judges for the Parade Competition will be scattered around the riding area.

DEFINITIONS

CLUB - meets the following criteria

1. Has met as a unit at least 6 times in the 3 months immediately preceding the NUM. This may be for practice, parade, or perform.

2. Rides in the NUM with ALL registered riders

3. Promotes the aims of the U.S.A., Inc.

GROUP - does not meet all of the above criteria.
A group may consist of a number of independents, members of different Clubs not competing, retired members of Clubs, etc.

PROFESSIONAL - anyone who receives money from performing on a unicycle for personal gain. A 'Professional' may race with his/her age group but must compete in 19+ for artistic.

PROP - anything other than a unicycle used in a competitive artistic riding act. A hat may become a "Prop" if it is removed from the head and thrown, picked up from the floor, etc. "Props" may be used in every competitive category except the "Standard Class" individual artistic riding class.

STANDARD UNICYCLE - a unicycle with no added features, i.e. handle welded to seat, etc. For racing, a "Standard Unicycle" may have cranks no smaller that 5" for either 20" or 24" wheel. Measurement is from center of axle hole to center of pedal hole. Only a "Standard Unicycle" may be used in "Standard Class."

UNICYCLE - a vehicle designed to be ridden with only one wheel on the floor. A "Unicycle" may take a number of different forms and may contain more than 1 wheel if the wheels are in vertical allignment. Any artistic rider(s) using an artistic bicycle, pennyfarthing, etc. in individual, couples, or Club/Group will disqualify the entry.

**While these rules are somewhat condensed, they include everything of interest to competitors. Additional rules are available for the hosting Club or individuals.

CITY OF NEW YORK PARKS & RECREATION DEPT.

CENTRAL PARK FESTIVAL OF JUGGLING AND UNICYCLE ARTS

The first festival for jugglers and unicyclists put on by the N.Y. Parks and Rec. Department under the auspices of the IJA and IUF will be held Saturday, May 21 (rain date, May 22). The event will contain workshops, performances, Guiness challenges and competitions for all. Anyone wishing further information should contact:

Christopher Wangro, Dep. Dir/Sp. Ev. City of N.Y. Parks & Rec. Office The Arsenal in Central Park New York, N.Y. 10021
ph. (212) 360-8165

JOHN FOSS, who contacted OOW concerning this event, added this note: The location will be the bandshell area in the park - which is where the First Unicycle Invitational took place in 1971.

Anyone attending this festival is encouraged to write a brief article about it for OOW.

MISCELLANEOUS ABOUT THIS AND THAT

Your Secretary, JAN LAYNE, and Treasurer, KAREN MESSAMER, have been sharing unicycle memorabilia (like the Pink Panther coloring book and the unicycling bear Valentine). AL HEMMINGER (Sec-Treas of IUF) and TOM MILLER (Director of U.S.A.) have been doing this for quite a while, too. Jan has suggested that people who have duplicates of unicycle items might like to bring them to the 1988 NUM and sell or trade them to other collectors there.

Al has graciously volunteered to offer a "Media Room" at the 1988 NUM. He will have video tapes people may view at their leisure, and there will be other unicycling items on display. This would be an excellent place for swapping and selling unicycle knick-knacks. Al would also like to encourage anyone to bring additional items of interest to unicyclists for this room.

Concerning optional races at the NUM: Yes, there will be a race for adults who have learned to ride within the year preceding the NUM. So if you were unable to enter last year's race, the opportunity presents itself again. However, because cost of renting the field house Friday evening is excessive, there will be no ultimate wheel race and relays will be held on Saturday, time permitting.
